This is a time to be sentimental!

When you download this form, save it under the child's name, then take your time filling it out.

To make this book the best it can be, please answer all the questions that you feel strongly about with as much detail as possible. Also, keep in mind that photos to accompany your answers will enhance this project.

This form asks a lot of questions. Not all of them may apply to you. Do not feel obligated to answer each one, just those that you feel strongly about or apply to you. But as stated above, the more details, the better.

Once complete, please email this form, along with any digital photos you'd like included on the child's profile pages. If there are non-digital photos you'd like to include, I will come to you or a family member's home with a portable scanner.

Please contact me with any questions!
